
ENVIRONMENTAL POLICY

Titan ICT Consultants (Titan ICT) is committed to managing all aspects of our operation including the planning and execution of our day - to day operations in an environmentally responsible manner at all times. Titan ICT actively seeks to minimise and manage the environmental impacts of its operations and documents this involvement in our HSE Management Plan.

RESPONSIBILITIES

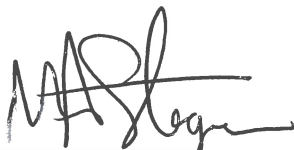

Titan ICT supports, encourages and assists employees, subcontractors and stakeholders to use our resources more efficiently and reduce our everyday environmental impacts. We are committed to regularly review all aspects of our work that have, or could have an environmental impact and achieve targets to minimise all significant environmental impacts.

The management of Titan ICT is responsible for the implementation of this policy, which will be provided to all personnel on an individual basis and displayed throughout the workplace.

All employees have a responsibility to work sustainably and reduce the negative impact of their own activities on the environment.

To fulfil the aims of this policy, Titan ICT commits to:

- foster a culture of environmental responsibility at work and ensure that all staff and our contractors are aware of the expectations placed on them.
- minimise energy and usage in our buildings, vehicles and processes in order to conserve supplies, and minimise our consumption of natural resources and impacts on visual amenity, air, water, land, flora, fauna and cultural and heritage values.
- encourage and promote innovative environmental practice and continue to improve our environmental management system.
- provide appropriate resources, training and education to all levels of Titan ICT personnel to enable them to fulfil their responsibilities and understand the environmental aspects and impacts of our activities.
- develop processes and procedures that reduce risks to level "as low as reasonably practicable" and to develop working practices designed to ensure risk to the Environment are minimized.
